Experiences on Lake Lucerne
FOR EXPLORERS AND CONNOISSEURS
A STUNNING SETTING

Lake Lucerne has captivated travelers for centuries due to its spectacular Alpine landscape and breathtaking scenery. There's no better way to explore the heart of Switzerland than by boat! Step aboard and travel back in time on one of the nostalgic paddle steamers or relax with contemporary amenities on one of our modern motor vessels.
YEAR-ROUND CRUISES

Our ships sail all-year long, providing vital ferry links for local communities and providing visitors with wonderful excursion opportunities. Enjoy the Mediterranean climate between Lucerne and Weggis, before the landscape becomes more dramatic with the steep fjords of Lake Uri. Peaceful villages and quaint meadows dot the shoreline, as the Alpine pinnacles frame the water and tower tall and proud.

LUCERNE

Lucerne is located in the heart of Switzerland and may be easily reached by car or with public transport. Our boat piers are conveniently located right outside of the main railway station.

The city offers a wealth of culture and charming landmarks dating from several centuries. Historic churches and the iconic Chapel Bridge form a harmonious ensemble with impressive modern architecture such as the KKL culture and congress center. Take a stroll along the expansive promenade, relax along the River Reuss or explore the cobblestone streets and little shops of the Medieval Old Town. Numerous museums and countless high caliber cultural events make Lucerne a vibrant destination any time of the year.

Boat piers in Lucerne

Our departure piers are located just outside of the main railway station and in close proximity to the major landmarks.

5 PADDLE STEAMERS

Our authentic steamboats are legends in their own right and have a loyal following of fans from nearby and far away. Experience luxurious travel and romance from the era of the early 20th century. Watch the mighty steam engine turn the bright red paddle wheels and listen to the chime of the melodic whistle. Every steamer has its very own style and architectural features, including stately salons. Paddle steamer (PS) Uri is the oldest dating from 1901, while PS Stadt Luzern is the newest from 1928. PS Gallia from 1913 is the fastest steamboat in all of Switzerland and PS Schiller from 1906 is probably the most popular paddler with enthusiasts. PS Unterwalden from 1902 is the only steamer capable of sailing to Alpnachstad, thanks to a funnel and wheelhouse which can be hydraulically lowered. Experience each and every one of these fine ships; on certain summer days the timetable even allows you to sail on all five steamers in one day!

15 MOTOR VESSELS

Our motor vessels date from different decades of the 20th and 21st century and all are fitted with high quality guest facilities. Enjoy maritime styling from the 1950s and 60s, while also experiencing the very best of contemporary naval design. Our stylish Panorama-Yacht MS Saphir as well as our stunning “Super Yacht” MS Diamant with five different decks are a sight to behold and exceptionally popular for private charters. Since spring 2018, the modern catamaran provides a fast and efficient, year-round ferry service to the world class Bürgenstock Resort.
**RIGI 1798 m**
Mount Rigi is known as the “Queen of the Mountains” and forms an impressive peninsula that juts into Lake Lucerne. Europe’s oldest rack railway leads to the summit, originally dating from 1871. Make the classic Rigi round trip by taking the boat to Vitznau and then ascending to the summit by rack railway. After some time at the top, descend down to Weggis by aerial cableway. The mineral baths and spa at Rigi Kaltbad are well worth a visit. Experience high altitude wellness and relaxation!

**BÜRGENSTOCK 1128 m**
Perched high above Lake Lucerne on a scenic plateau, the all new Bürgenstock Resort is a world class facility that caters to all tastes. Our brand-new shuttle ship offers a direct ferry link from Lucerne to Kehrsiten-Bürgenstock 365 days a year. From there you may take the rejuvenated funicular railway to the top. An additional attraction is the Hammetshwand lift vertical elevator, which dates from 1905.

**STANSERHORN 1898 m**
This panoramic peak offers a wonderful combination of nostalgic travel and futuristic infrastructure. Start your journey in Stans on the vintage funicular from 1893, before changing at the intermediate station onto the globally unique “open top” aerial cableway. Indeed the CabriO has been a technical marvel and popular excursion sensation since it first opened in 2012. As you ascend the mountain, you can connect with nature and feel the elements from the open upper deck of the gondola. Once at the summit, a revolving restaurant and wonderful observation terraces await.

**PILATUS 2132 m**
Towering tall and proud above Lucerne, the Pilatus has a majestic shape and is accessible with the steepest rack railway in the world. Combine different modes of transport by first taking the boat from Lucerne to Alpnachstad, then ascending to the summit on the cog, before enjoying dramatic views from the top. You may then descend back down to Fräkmüntegg and Kriens on the “Dragon Ride” cableway and panoramic gondola, before taking the trolleybus back to Lucerne. This “Golden Roundtrip” is possible from May to November.

**KLEWENALP 1600 m**
Klewenalp-Stockhütte is the nearby recreation destination that is ideal for summer or winter sports. Bring along your hiking boots or bike in the summer and prepare to conquer the expansive trails. In the winter, strap on your skis or snowboard and enjoy the scenic slopes and top quality powder! There’s no quicker and more attractive access to Klewenalp than by boat from Lucerne or Brunnen. Alight at Beckenried.

**SEELISBERG 850 m**
Located on a sunny plateau a bit above the lake, this peaceful town may be considered a “best kept secret”. All the more tranquil of an experience awaits all visitors to Seelisberg, where you will find lush Alpine meadows, grazing cows and a mountain dairy. Take the vintage funicular from the Treib boat pier directly into the center of the village in Seelisberg and enjoy the ride as you rise above Lake Lucerne.

**3**
Perched high above Lake Uri, the little village of Stoos and its adjacent mountain Fronalpstock can only be reached by aerial cableway and the world’s steepest funicular. From Brunnen or Schwyz direct bus links provide easy access to the mountain railways, which then whisk you to the top in a matter of minutes. Excellent hiking opportunities in the summer and expansive ski slopes in the winter await all visitors.

**HISTORIC SITES ALONG THE LAKE**

1. **Rütli meadow**
   On the way from Brunnen to the Rütli you will pass the 30 m high Schiller Stone. It is dedicated to the famed German playwright Schiller, who recorded the legend of Wilhelm Tell in a theatrical piece. The Rütli meadow is the birthplace of Switzerland, as in August 1291 representatives from Uri, Schwyz and Unterwalden came together there to establish the Swiss Confederation.

2. **Tellsplatte**
   According to legend, Wilhelm Tell escaped his captors at this location by jumping from Gessler’s boat and making his getaway to the nearby shore. Hence the Tell Chapel was built at this site. Originally dating back to 1388, the current structure was completed in 1880.

3. **Meggenhorn Chateau**
   This elegant residence is surrounded by a beautiful park and located on a peninsula that juts out into the lake.

**WALKING TRAILS**

4. **Swiss Path (Weg der Schweiz)**
   This 35 km long trail along Lake Uri leads past historic sites in the cradle of the country. Learn more about Swiss history as you walk through pristine nature and countless calm spots. The path has its formal starting point on the Rütli meadow and is easily accessible by boat or train from Brunnen or Flüelen. Partly suitable for wheelchairs. www.weg-der-Schweiz.ch

5. **Lake Lucerne Path (Waldstätterweg)**
   This 114 km long hiking trail circles around much of the lake and leads from Brunnen via Lucerne to the Rütli meadow, covering most of the north and south shore. www.waldstaetterweg.ch

6. **Titlis**
   Mount Titlis is one of the highest peaks in Central Switzerland and the only accessible glacier in the region. Embark on a high altitude adventure in a world of permanent snow and ice! Stunning views and Europe’s highest hanging bridge await you. During the winter, the glacier park offers excellent skiing and snowboarding conditions.

7. **MUSEUMS ALONG THE LAKE**

   **Swiss Museum of Transport, Lucerne**
   Switzerland’s largest and most visited museum is dedicated to mobility and the story of transportation, both from the past as well as the present and the future. Experience huge collections of preserved locomotives, automobiles, airplanes and boats. Step inside the IMAX theater or the Planetarium to learn about outer space. At the adjacent Hans Emi Museum you may marvel at the elegant paintings and decorative sculptures of the famed local artist. Cap your day out with a visit to the Swiss Chocolate Adventure and be sure to sample some sweet nibbles. In short, the Verkehrshaus offers unrivaled excitement for all generations! www.verkehrshaus.ch

   **Glasi Hergiswil**
   This historic factory is the oldest glassmaking facility in Switzerland. Learn everything about this form of artisan craft, play on lovely glass instruments or take a walk through the fun glass labyrinth. The interactive visitor experience is very much “hands on”. www.glasi.ch

   **Victorinox Visitor Center, Brunnen**
   The "Swiss Army Knife" is world famous, so why not learn more about its history and production process? In Brunnen you can make your own, highly customized knife, including personal engraving. It takes 15 minutes to assemble 27 different components, plus a bit of craft skill of course! The newest knife model is known as “Spartan". www.victorinox.com

   **Urner Mineralien-Museum, Seedorf**
   This minerals museum is probably the most amazing such facility in Switzerland. Learn all about rocks, geology and precious stones. www.mineralienfreund.ch
