www.my-lausanne.com   #MyLausanne
It is around the Cité hill, sculpted by the Flon and Louve rivers, that the medieval town grew. Its cobble-stoned pedestrian streets as well as its monuments bear witness to this. Then, as soon as you cross the Bessières Bridge, the scenery changes completely. The Caroline district possesses a shopping mall, many bars, restaurants and boutiques. A bit further to the east, the Mon-Repos Park offers a green and tranquil haven, interrupted from time to time by the twittering of birds in its aviary.

**LAUSANNE CATHEDRAL**

The Cathedral, considered one of the most beautiful Gothic buildings in Switzerland, was consecrated in 1275. Don’t miss the rose window, the painted portal, the 13th-century choir stalls, the ancient and modern stained glass windows and the great organs. The bravest will admire the panoramic view from the belfry (entrance fee) after climbing the 224 stairs. Open tours of the Cathedral and free guided tours during the summer.

**MUSÉE HISTORIQUE LAUSANNE**

Within the walls of the Old Bishop’s Palace, this Lausanne historical museum speaks of the town’s rich past and features a famous model that offers an exceptional view of the 17th-century Cité. Temporary exhibitions, inspired by the research conducted on its collections, explore the thousand years of this heritage. A novel approach to the town’s history: smart multimedia!

**mudac**

This space is dedicated to design and contemporary applied arts. You set off on an intense and surprising journey where antique Egyptian and Asian art stand side by side with current designers’ latest creations. The museum organises encounters and themed guided tours, and regularly welcomes performing arts such as dance, music and other types of performances. Until the museum’s temporary closing on June 1st, 2020, it is getting ready to move its collections to PLATEFORME 10.
ESCALIERS DU MARCHÉ

A direct but abrupt route between the Cathedral and the town centre, this wooden stairway first mentioned during the 13th century exists in its present form since the beginning of the 18th century: roofed and winding, with a very steep cobbled street running alongside. An integral part of Lausanne’s popular iconography, it is lined on the west with a picturesque row of boutiques and cafés.

MON-REPOS PARK

Open to the public, it’s one of the most popular parks for Lausanne inhabitants of all ages, with its huge lawns, aviaries of exotic birds, playgrounds and ephemeral sculptures. Stroll down its various alleys to catch a glimpse of an orangery as well as a neo-Gothic tower overlooking a cave and a waterfall.

DISTRICT TOWN CENTRE

This is where the city’s energy is most animated both by day and night.

From ancient buildings to trendy new districts, tread the cobblestones and broad avenues to make the most of shopping amongst major brands and local designers. It’s also the axis of nightlife with concert halls and an opera, plus bars and clubs that will keep you awake until the early hours of the morning.

PLACE & CHURCH SAINT-FRANÇOIS

Lausanne’s residents like to meet up on this central square dominated by a medieval church that has become a hub for music and dialogue with contemporary art in all its guises. Market stalls of the famous Lausanne market set up on the square every Wednesday and Saturday morning.
RÔTILLON NEIGHBOURHOOD

In the intertwining lanes of one of Lausanne’s oldest neighbourhoods that was recently renovated, works of art, a Titeuf fresco, small, original shops and bohemian cafés now attract the trendy crowds. One of the in crowds new neighbourhoods in Lausanne, the Rôtillon feels like a corner of Italy in the heart of the town.

PLACE DE LA PALUD

A polychrome statue, symbolising justice, stands imposingly on the Renaissance fountain in the centre of this pedestrian square, where the Town Hall is also located. Opposite, tourists and children wait, every hour on the hour from 9 am to 7 pm, for the ballet of animated figures to the sound of the carillon.

PALAIS DE RUMINE

Erected at the end of the 19th century on the Place de la Riponne, this Italianate-style building houses a host of treasures. It fulfils many functions: cantonal museums, a library, a place of study, conferences and meetings, and a passageway, the Palais de Rumine is an essential part of the life of Lausanne citizens.

FLON DISTRICT

It’s the town’s architectural success: this district of former warehouses that begins at the Place de l’Europe was rehabilitated as a living area with a wide array of restaurants, bars, clubs, boutiques, cinemas and exhibition spaces. A must is to enjoy a drink on one of the rooftop terraces.

MONTBENON ESPLANADE

Making the most of one of the town’s most beautiful openings on Lake Geneva and the Alps, you can lounge on the lawns in front of the District Court or enjoy a meal on a terrace. If it’s raining, you might like to visit the Swiss Film Archive in the Casino de Montbenon.

COLLECTION DE L’ART BRUT

The town created this museum, unique in the world, in 1976 in exchange for the legacy of 5,000 works of outsider art belonging to artist Jean Dubuffet. Located opposite the Beaulieu Palace, this institution today owns over 70,000 works, 700 of which are displayed permanently, and exports its exhibitions all over the world.
OLD TOWN WALK

Delve into the historic centre

The Cité hill, crowned by the Cathedral at a height of 542 metres, gives Lausanne its unique character. From the Old Academy, first French-speaking faculty of Reformed theology, to the Château Saint-Maire, the town’s open-air architecture bears witness to its medieval past. Go-to restaurants, small cafés, a scattering of boutiques and three antique bookshops enliven the neighbourhood. Step down the picturesque Escaliers du Marché to reach the Place de la Palud. In front of the Town Hall, you’ll join the milling crowds on market days – a century-old tradition.

CHÂTEAU SAINT-MAIRE 1
Both a residence and a donjon, topped with Italian-style bricks, the Castle now houses the Cantonal authorities’ headquarters. Its massive sandstone walls are soft to the touch. (Closed to the public)

OLD ACADEMY 2
This former faculty of theology created by the Bernese as from 1537 became the first French-speaking Reformed academy in Europe. Today, it still serves as a place of learning for students aged 16 to 19.

CATHEDRAL 3
A majestic edifice turned towards the lake and mountains. Constructed between 1170 and 1275, the Cathedral is considered the most beautiful Gothic building in Switzerland. As of old, a night watch calls out the hours between 10 pm and 2 am from the top of the belfry.

BISHOP’S PALACE 4
The complex of buildings that make up the former Bishop’s Palace was the seat of the bishops’ power in the Middle Ages. This place charged with memory offers the Historical Museum – recently renovated and presenting a new permanent exhibition – a setting conducive to exploring the past.

mudac 5 (Closing on June, 1st)

The neighbourhoods located between the Ouchy quays, by the lakeside, and the Lausanne train station are perfect for a revitalising stroll. They unveil several green oases, elegant Belle Époque dwellings bordering broad avenues and two internationally renowned museums. Since 2008, the rubber-tired m2 metro has replaced the “Ficelle” (the “String”), which was, in 1877, one of the first metropolitan railways in the world.

Inagurated at the end of the 19th century, this square’s vast lawns, football fields, playgrounds, fountain and shady alley draw in families in all seasons. Reach the Crêt de Montriond by a winding path to discover a 360° panorama of the Lavaux vineyards, Lake Geneva and Alps. A little corner of paradise, the Botanical Gardens boast a stunning array of almost 4,000 alpine, medicinal, tropical and carnivorous plants (free entry).

Initially privately held until it was opened to the public in 1928, this park was laid out during the 19th-century in the English fashion by a banker. Allow your children to caper about in the wild meadows surrounded by copses, flowerbed displays and statues, or to play with the water from the pond. Since 2007, a Thai pavilion with a golden roof adorns this green area; it was given to the town by His Majesty the late King of Thailand in gratitude for the years he spent in Lausanne between 1933 and 1951.
CANTONAL FINE ARTS MUSEUM (MCBA)

It is one of the oldest museums in Switzerland dedicated exclusively to art. Since 2019, the MCBA is located a stone’s throw from the train station, in the PLATEFORME IO arts district. Ten thousand works of its collection are to be discovered in the building qualified as an exceptional architectural achievement. It is designed to provide its visitors with new original spaces: a restaurant, a bookstore boutique, an auditorium and a library.

ÉLYSÉE MUSEUM & GARDENS

This 30-year-old museum, one of the first to be entirely dedicated to photography, gained its international aura thanks to the quality and originality of its exhibitions in Lausanne, then exported all over the world, as well as the dozen complete collections and archives,* amongst which are those of Charlie Chaplin, Nicolas Bouvier and Ella Maillart. The beautiful mansion is surrounded by a French formal garden laid out in terraces with a spectacular view of the Alps and Lake Geneva. Until the museum’s temporary closing in October 2020, entrance is free as it prepares to move its collections to PLATEFORME IO.

* The exhibitions are temporary. Please refer to the programme.

CRUISES ON A BELLE-ÉPOQUE BOAT

It’s impossible to leave Lausanne without having sailed on Lake Geneva aboard one of the Compagnie Générale de Navigation’s vessels. In addition to crossing the lake to the French shore, its Belle-Époque fleet – the largest in the world – takes you on board for a gourmet cruise.

OLYMPIC MUSEUM & PARK

Unique in the world, the Olympic Museum forms Lausanne’s main cultural attraction. Each of its three levels is dedicated to a particular aspect of modern Olympism, largely featuring new interactive communication media. You may need several visits to explore everything. In the park, admire the collection of sculptures and test your speed on a proper running track. Strolling through the landscaped terraces, you’ll reach the monumental fountain on the shores of the lake.
The western part of Lausanne is dominated by the university campus that includes the University and the Federal Institute of Technology. A location close to the lakeside loved by the 26,000 students who can take part in a broad array of nautical sports.

**BELLERIVE SWIMMING POOL & CRAZY GOLF**

This outdoor swimming pool, open from May to September, is equipped with large pools, up to 10-metre diving boards and fun paddling pools for children. Would you rather chill out? Lounge on the large lawns or on the (supervised) beach with direct access to the lake. Restaurants and refreshment stalls on the spot. Next to the pool, the Bellerive crazy golf is an invitation to playful relaxation ideal for families or friends.

**PARC LOUIS-BOURGET & PLAGE DE VIDY**

This archaeological park was redesigned in 2019.

**UNIVERSITY CAMPUS & ROLEX LEARNING CENTER**

The university campus includes the Lausanne Federal Institute of Technology and Lausanne University, the first buildings of which were erected in the 1970s. LAKESIDE WALK

Wonderful relaxation on the shores of Lake Geneva

Two thousand years ago, Lausanne settled on the waterfront. Today, its well-preserved green shores are still delightfully attractive. Whether developed or wild, the lakeside puts on a show of the town’s best offerings: sports, nature, history and leisure. From St-Sulpice to Lutry, a footpath hugs the coastline almost without interruption. On a small pebble beach or on the busy Ouchy quays, Lake Geneva makes Lausanne a home port.

ACCESS (PUBLIC TRANSPORT):

- m1 metro, “UNIL-Sorge” station

STARTING POINT:

Port des Pierrettes, bus N° 701 from Bourdonnette, “Champagne” stop

ARRIVAL POINT:

Lutry, bus N° 9, “Voisinand” stop

DISTANCE:

10 km

DURATION:

Approximately 2 hours and a half

ON THE WAY:

Never losing sight of the lake, take the time to stroll whatever the season, in fair or stormy weather, in this magnificent landscape.

OUR ADVICE:

This walk is a good opportunity to visit the Lausanne-Vidy Roman Museum and its newly redesigned archaeological park.
**PORT DES PIERRETTES**

With its fishermen’s huts and small holiday cottages, this port invites you to escape. All the lake birds cohabit peacefully here.

**CAMPAGNE DE DORIGNY**

At the far end of the magnificent alley of plane trees, students are hard at work. The University and EPFL campus stretches down to the sports area by the lakeside. In the summer, it’s a popular spot for barbecues.

**SITE OF LOUSONNA**

Around 15 BC, Romans stopped in the area. Deciding it was a promising location, they settled here, creating the city of Lousonna. In the 4th century, the Teutons migrated to the Cité, moving the heart of the town away from the shores.

**OUCHY, MAINTENANCE & GRAVEL DOCK**

Lausanne to port, the Alps to starboard. Yet some are hard at work here, with boats dredging the shallows and transporting building materials, perpetuating an ancient tradition.

**QUAIS D’OUCHY**

Built in 1901, Ouchy quays have long been a beloved spot for Lausanne inhabitants. In summer as in winter, people come here for a family walk, a romantic stroll, to enjoy an ice cream or a typical cheese fondue.

**OLYMPIC FOUNTAIN**

A striking monument facing Lake Geneva and the Alps, this fountain indicates the presence of the Olympic Museum, invisible from the lakeside. Tourists enjoy having their picture taken, eyes aglow with the beauty of the view.

**HALDIMAND TOWER**

Previously, this romantic tower built in 1823 was located on an island. Today, this sentinel marks the end of the Ouchy quays. The walk continues on a footpath along the waterfront towards Pully.

**MOUTH OF THE VUACHÈRE RIVER**

The only Lausanne river that remains close to its natural state, the Vuachère flows into Lake Geneva. A small wild paradise on the edge of the town.

**PULLY & ITS MARINA**

Pully, all aboard! At the marina, old freshwater sailors rub shoulders with young racers and famous yachtsmen. If you’d rather stay on firm ground, you can enjoy a ride on the miniature train.

**LUTRY, THE VILLAGE AND BEACH**

In Lutry, the medieval village was the first stage on the route to the Alps. Its old rooftops contemplate the lake serenely. From the beach – a hugely popular spot in the summer – you’ll enjoy a beautiful view on the Alps.
Peak to Peak at 3,000 m.
North of the town, vast expanses of forest, representing 40% of the municipal surface area, offer many opportunities for walks and outdoor sports activities.

At an altitude of 873 m, Le Chalet-à-Gobet is the culminating point of the Lausanne urban area, 500 m above Lake Geneva. Sauvabelin's bucolic setting, with its lake, park and tower, will delight you.

AQUATIS

This innovative architectural complex, easily reached by metro, integrates the largest freshwater aquarium in Europe and the Lausanne Vivarium. Follow the discovery trail that includes 50 tanks displaying about 20 aquatic ecosystems from across the five continents.

Strolling through picturesque winegrowers’ villages

From the village of Grandvaux to the village of Lutry through the vineyards, a spectacular landscape presents itself to the walker. Listed as a UNESCO World Heritage site, the Lavaux vineyard is laden with history. Lovers of good wine will discover new designations and ancestral methods of planting vines. Along the way, in a medieval setting, comic-strip fans will understand why Corto Maltese, Hugo Pratt’s hero, has his own statue in a winegrowers’ village, gazing out on the lake and mountains.

ACCESS (PUBLIC TRANSPORT):
Train from the Lausanne station to Grandvaux (free transport with the Lausanne Transport Card)

STARTING POINT:
Grandvaux village

ARRIVAL POINT:
Lutry, bus N° 9, “Voisinand” stop

DURATION:
A good two hours (with 1.5 hours walking)

ON THE WAY:
Various places to eat and taste wines are mentioned all along the way. More information on www.lavaux-unesco.ch
The village of Grandvaux is a proper balcony on Lavaux. The plunging point of view on the terraced vineyards against the backdrop of the lake and Alps has inspired painters and photographers.

Grandvaux, Corto Wine Cellar & Pratt Statue

Hugo Pratt, a giant of comic strips, fell under the spell of this winegrowers’ village where he lived surrounded by books. Through his famous character Corto Maltese, a statue and wine cellar pay him a panoramic tribute.

Ancestral Stone Walls at the Chemin des Murs in Grandvaux

The Lavaux vineyard was landscaped in terraces, with close to 450 kilometres of walls in total. The stones, coming from screes, give the region its unique character.

Cultivation of Vines at the Chemin des Vignes in Grandvaux

There are several techniques to prune vines. In the past, each plant was secured to a wooden cane. Nowadays, the plants are trained along metal trellises that often run parallel to the hillside.

Lavaux Grape Varieties at the Chemin du Daley

Grandvaux is one of the main winegrowing areas. Along the way, you’ll discover the Chasselas, the main Lavaux grape variety and the ambassador of its “terroir”, that is the expression of the soil in the wine.

The “Capites”, a Built Heritage in Aran

Spread out in the vineyards, “capites” are small huts in which the winegrowers used to store their tools. Today, they welcome passers-by, especially when it’s aperitif time.

Castle of Montagny-sur-Villette

The awarding of UNESCO World Heritage status to the vineyard is also due to the architectural quality of the fine winegrowers’ houses. This castle is a good illustration of the harmony between the built environment and the landscape.

The Winegrowers’ Hamlet of the Châtelard

A few houses, gardens and vines. The path that leads there crosses a brook marking the border between the Lutry and Villette designations.

Savuit’s Medieval Roofs and Roman Scale

The village speaks of past times, with its old tile roofs. You’ll even see a 17th-century scale that was used to weigh the grape harvest and hay. It is inspired by a Roman technique.

Bertholod Tower

A medieval architectural heritage, this tower has belonged since the 16th century to the commune of Payerne, situated in the north of the canton of Vaud. Some towns or cantons located far from the vineyards own lands there.

DOMAINE DE LA COMMUNE D’YVORNE
CLOS DE L’ABBAYE, 1ER GRAND CRU

Au cœur des terres d’Yvorne, chaque vin préserve une promesse: prolonger ce que la nature a de meilleur, par ce que l'homme sait faire de mieux. Les céps noueux du Chasselas, taillés en goblet, plongent leurs racines dans les éclats de calcaire et de moraine glaciaire, conférant à ce 1er Grand Cru élevé sur la roche, son empreinte minérale singulière, aux notes de pierre-à-fusil. Débouchez et laissez ses parfums de fruits mûrs vous envahir, avant de succomber, entre douceur et amertume, à la caresse de ses arômes intenses, façonnés par un terroir d'exception.
